

We will thank our readers for all local notices in their immediate localities. If they do not desire to write a communication for the public eye, let them send us a brief statement of everything of interest to their respective communities. A list of marriages, deaths, accidents, fires, recoveries, local news changes, &c. We will put them in form. The more facts of this kind we can get the better it will suit us and our readers. Who will do it?

To Advertisers.—Persons wishing advertisements inserted, must hand them in early on Tuesday morning to insure their insertion for that week.

See Sheriff's sales of real estate in another column of to-day's paper. To be sold on the 3rd of December next.

The partnership lately existing between W. H. Jacoby and E. R. Upler, has been mutually dissolved. See notice of dissolution elsewhere.

The members of the Albright Congregation are holding a protracted meeting at Whitmoyer's School House, in Orange Township. Their labors are being successful.

Col. N. Hudson, of Muncy, advertises his Hotel in this paper. Mr. Hudson keeps a good house; is obliging and always uses his best efforts to give entire satisfaction to his guests.

The Sunday School Scholars of the Baptist Church, we have been informed, propose holding a concert on Saturday evening of this week. The proceeds are to be appropriated to the use of the Sunday School. We wish them a full house.

The Temperance Lectures, delivered in the M. E. Church of this place, on Thursday evening last, by Rev. Mr. Evans, of Lewisburg, and Mrs. Sage, of Lancaster city, were well attended and gave general satisfaction to the audience.

The fact in and about this place who talk about starting a paper have several axes to grind. It being a difficult matter to get them ground, they now propose to erect a machine and do their own grinding. May they have a happy time of it.

Peterson's Magazine for December has been received. It is a winning number, the best of the season. This Magazine not only keeps pace with all its competitors but takes the lead. Every lady should have Peterson's Magazine to make their hearts content.

The performance at F. Claude Havens' Exhibition, on Wednesday evening, was very satisfactorily concluded. This troupe contains a selection of the best artists—minstrels, gymnasts, singers and players—and their entertainment consists of a very spicy variety, pleasing to the most fastidious, and cheerful to the lover of amusement.

On Friday last, Mr. WALL, of the Reading Gazette, called at our office. We are ever happy to meet with those of our profession; and although he had a special mission, with that of C. L. Hock, Esq., of the New York Store, Reading, on a matter involving future proceedings. We hope his next visit will be of a more extended and different character.

We scarcely pick up an exchange paper but that we notice an account of some theft committed in their neighborhood. In our village the thieves have commenced pilfering the henroosts and coops. Readers, guard well your property, hard winter is coming on, and the country is full of scoundrels, too lazy to earn an honest living.

Rumor says, a pair of Pipe-layers canvassed a certain township on the southern banks of the River for subscribers to the new Johnson-Conservative-Republican-Moderate-Democratic paper, to be started in this place, and succeeded in drawing a blank. Keep your eyes open for the appearance of "THE COLUMBIA GUARD." If the Campaign forebodings its character it will certainly be a guard—a black-guard.

The DEMOCRAT AND STAR proprietors are threatened with opposition by the same party who found fault with our course towards the Columbia, for the past seven months or more. That paper was going to be the paper said certain Democrats, whose names we will withhold for the present; and if the Democratic organ took exceptions to a single measure put forth in the Columbia, the proprietors of the Democratic paper were instantly pounced upon, abused and threatened with discontinuance of patronage, &c. Because we could have no faith in those Johnson men for spoils, we were not Democratic!

From calculations and observations made by illustrious philosophers and astronomers, a great meteoric shower is expected upon the night of the thirteenth or fourteenth of this month. It has been learned that these peculiar heavenly phenomena recur at periods of about thirty-three years. The last was seen in November, 1833. It has been described as the most magnificent and brilliant scenery ever witnessed. The heavens, upon that occasion, were beautifully enlivened by these meteoric lights dropping and starting out from all points of the horizon—hundreds of thousands in numbers, and was seen for a considerable time.

By the proceedings of a meeting of Teachers, published in this paper it may be seen that a move is being made to hold a Teachers' Institute. The Executive Committee then appointed, have by the resolution passed, power to call an Institute or not. They are requested to meet in Bloomsburg, on the 24th inst. There should be careful attention given to this matter by each of the Committee and all should be present at this meeting. The distracting tendency of the late war has now been overcome, and every Teacher—as also every citizen—should earnestly engage in educational works, for by the spread of intelligence a free government gains power, remains tranquil, and more certain liberty and happiness are afforded the people.

See new advertisements in this paper. They are not always the least interesting.

Finer weather was never witnessed in the month of November, in this section, than we are enjoying at present.

Still tending upwards—the price of the staff of life. Those who pretend to know, predict that it will take a twenty dollar greenback to reach a barrel before the ideas of March. Pity that bread should be so dear, and flesh and blood so cheap.

THANKSGIVING.—By reference to the Proclamation of the Governor of the Commonwealth, it will be seen that the 29th inst. is recommended as a day of Thanksgiving and Prayer, to the Almighty for His blessings during the past year.

SERIOUS ACCIDENT.—Mrs. Gilbert Fowler, of this place, while engaged in milking a short time since, was violently thrown against the wall of the barn, causing a concussion of the brain. She has been lying in a sort of stupor ever since, with slight hopes of her recovery.—Berkick Gazette.

The death warrant of Peter Botta, for the murder of his wife, has been signed by Gov. Curtin. It orders his execution to take place within the jail yard at Williamsport, between the hours of 10 o'clock in the forenoon and two o'clock in the afternoon, of Tuesday the 4th day of December next.

SMASH UP.—On Monday evening last, the northern bound freight train on the Catwassa Railroad, was thrown from the track by a cow, near Mooresburg. Thirteen cars were completely demolished and piled up in promiscuous disorder. As usual, no one was injured.—Montour American.

Vendue bills printed at two hour's notice, in good style, and at cheap rates, at the office of the DEMOCRAT AND STAR. We would also recommend farmers and others who intend to sell out their personal property, to advertise their sales in the DEMOCRAT AND STAR, which reaches every locality of the County. The more these sales are advertised, the greater will be the number of people collected and of course the result will be, more bidders and higher prices.

Prof. J. P. Wickersham, late Principal of the Lancaster Normal School, assumed the duties of the office of State Superintendent of Common Schools on the first day of this month. Mr. Wickersham is an active educator, and we may expect to see earnest work on his part to exalt the standard of Common School Education in the State. It is our sincere desire that he may be successful.

CONVENTION OF SCHOOL SUPERINTENDENTS.—At Harrisburg, on the 4th of December next, at two o'clock P. M., will be convened a meeting of the County Superintendents of the Public Schools of Pennsylvania, to continue in session three days, under the authority of Mr. J. F. Wickersham, Superintendent of Public Schools. Arrangements have been made to accommodate delegates with lodgings at the State Capital Hotel, at \$2 per day, being two-thirds of the regular charge. A number of reports will be presented on various topics of education, discussions thereupon will follow, and during executive sessions, a number of important subjects will be considered.

GOOD ADVICE.—Never, says an exchange, use a lady's name in an improper place, at and improper time, or in mixed company. Never make assertions about her that you think are untrue, or allusions that you feel she herself would blush to hear. Many a worthy woman's character has been forever ruined and her heart broken by a lie, manufactured by a villain, and repeated where it should not have been, and in the presence of those whose little judgment could not deter them from circulating the foul and fendish report. Respect the name of a woman, for your mother and sisters are women; and as you would have their fair name untarnished, and their lives unblemished by slanderous biting tongues, heed the ill your own words may bring upon the mother, the sister, or the wife of some fellow creature.

Accident. Our neighbor, Mr. Caleb Creasy, we are sorry to learn met with a painful accident on Tuesday last. He was employed in the Car Shop of Messrs. Jackson & Woodin, of this place, and in an unguarded moment placed his left hand upon the cog wheels of some part of the machinery, when it was drawn in, and three of his fingers badly mangled. The two middle ones were amputated by Dr. Rittenhouse. Some hopes are entertained of saving the remaining finger.

Since the above was in type we are called upon to chronicle another accident, which occurred on Thursday morning, to Mr. George Spencer, of Esptown, also an employe in Messrs. Jackson & Woodin's Car Shops. He was engaged in running the circular rip saw and had stopped it for a few minutes to attend to some outside work.—On returning, the saw was started by some unaccountable means, (supposed since to be by the lad who does the oiling of the machinery) and caught his hand, severing all the upper cords connecting with the fingers. A portion of the bone was taken out of the third joint of the fore finger and the balance of the hand skillfully dressed by Dr. P. H. Little, of this place. The patient bore the pain with commendable patience.

Since the occurrence of this last accident, we have learned that a Mr. Palmer, also had one of his thumbs sawed off at the same shops, on Saturday last.—Berkick Gazette.

Our Relations With Mexico. WASHINGTON, Nov. 11.—The Herald's Washington special dispatch says there was a meeting of the Cabinet yesterday, at which the President produced portions of his annual message on Mexican matters. If Minister Campbell and General Sherman find that neither Maximilian nor the French intend to leave Mexico, the President will recommend vigorous action to hasten their departure. A belief is entertained that the Emperor Napoleon desires Maximilian to remain in Mexico until the French troops are withdrawn. The Imperialists state that Maximilian went to Orizaba to obtain news of his wife, but it is still believed he has gone there to embark for Europe.

The next Congress will stand, according to the New York Times' count, for the Radicals, two-thirds, and twice to spare!

When the Times once sees the official vote from all the States it will have to reduce its majority some. The elections were very closely contested in some of the Congressional Districts in the new States, and nothing but the official vote can definitely decide the result; besides there is a soldiers' vote in some cases to be looked after. However, there is no use of disguising the fact, that the next Congress will be more Radical and revolutionary than the present one. We may anticipate blustering times. Our affairs are in a bad shape and in ruinous hands.

RECEIPTS for SEPTEMBER AND OCTOBER to the COLUMBIA DEMOCRAT. Richard Bright, \$4.50 George Ohl, 3.75 Edward Henry, 2.75 J. W. Hoffman, 1.00 Benj. Miller, 1.25 B. E.
